

## Video Production

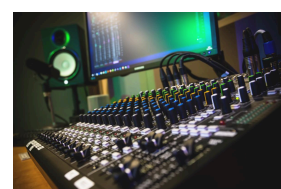

AdvanceEDU - College reimagined

We are so proud to have worked with [Advanceedu](#) in the creation of this video! AdvanceEDU is an innovative, new kind of college experience in Colorado. Their unique approach relies on partnerships with trusted, nonprofit universities. They provide their students affordable access to their degree programs, and we provide all the things that students need to be successful: a deeply supported onboarding process, personalized coaching and supports in our Denver campus, and a community of caring staff and peers that will be with them every step of the way. This approach means students can pursue their degree and build their career at the same time, even while working or supporting family.

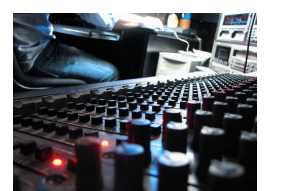

## Free Tickets for Rooftop Sessions

### Radio class April 26th & 28th

Learn broad overview of the field. The class is designed to teach the structure of radio broadcasts and to provide knowledge of the work that goes into radio shows. Learn about studio terminology and programming formats.

### Radio Audio Production class May 17th & 19th

The class gives you everything you need to produce great sounding audio commercials, podcast intros and outros, radio imaging and more. You will learn creative production, using digital workstations, recording, mixing, mastering, sound design and other topics used every day in audio production.

### Want to Get Your Music on FM Radio?

Get your music played on DOM Radio 92.9FM and 89.3HD3!!! We are seeking music in a variety of genres. So if you have new music, we want to hear it!

Contact the Radio Operations Director at [calvin@open.media](mailto:calvin@open.media) for more information.

### DOM Radio is Looking for Interns!

This position is for someone with an interest in learning the inner workings of a FM radio station, including learning how to program on a broadcast server, and schedule radio content for DOM 92.9 FM / 89.3 HD3. Radio interns will work with the Station Director to provide member services including converting audio files for radio, scheduling content for air, supporting members, making sure content is FCC compliant, and going through DOM archives to identify and convert appropriate content for radio.

We are looking for passionate interns for Denver Open Media Radio.

- **Finance Committee** - Meeting every 4th Wednesday of the month at 6pm. Contact Ben Boone at [ben@openmediafoundation.org](mailto:ben@openmediafoundation.org).

## Surprise AZ on Open Media

Surprise is a suburban city located in the northwest Phoenix Metropolitan area. It was one square mile of farmland when it was founded in 1938. It is bounded by the White Tank Mountain range to the west and the Sonoran Desert and Lake Pleasant Regional Park to the north. Each spring the population explodes when the Kansas City Royals and Texas Rangers visit for spring training.

Live streams of City Council meetings are available at [Surprise AZ on Open Media](#)
