

### Media Job Opportunities

In partnership with [Colorado Workforce Development Council](#) and [AmeriCorps VISTA](#), our [Open Media Career Engine](#) is expanding diversity in the local media industry through a free HR service provided to Colorado media and journalism employers.

Here are some new, exciting job openings:

[Audience Engagement Editor](#) - High Country News  
[Community Marketer](#) - High Country News  
[Audience Development Manager](#) - 5280 Magazine  
[Admin/HR Manager](#) - Open Media

### Welcome to Our New VISTA

Please join us in welcoming Olivia McCloy to Open Media. Olivia comes from Ohio and will be serving as an AmeriCorps VISTA.

And congratulations and many thanks to Ammiee Brown, who finishes her year of service with Open Media as an AmeriCorps VISTA in mid-August. Thanks, Amy, for your service and all you have done for Open Media and the Career Engine!

92.9 FM AND 89.3 HD3

DENVER  
OPEN MEDIA

### Intro to Radio Operations

August 24 and 26

This two-day class covers the basics of radio operations at Denver Open Media, 92.9 FM. The first evening includes FCC requirements, as well as policies about profanity, calls-to-action and underwriting. On the second evening, the class will cover the basics of radio DJing on Denver Open Media.

Click [here](#) for more information and to register.

### Want to Get Your Music on the Air?

Get your music played on DOM Radio 92.9FM and 89.3HD3!!!

We are seeking music in a variety of genres. So if you have new music, we want to hear it!

Contact the Radio Operations Director at [calvin@open.media](mailto:calvin@open.media) for more information.

### Looking for Interns!

We are looking for passionate interns for Denver Open Media Radio.

This position is for someone with an interest in learning the inner workings of a FM radio station, including learning how to program on a broadcast server, and schedule radio content for DOM 92.9 FM / 89.3 HD3. Radio interns will work with the Station Director to provide member services including converting audio files for radio, scheduling content for air, supporting members, making sure content is FCC compliant, and going through DOM archives to identify and convert appropriate content for radio.
