## Next Rooftop event Saturday May 28th 2pm-8pm

### Radio Audio Production class May 17th & 19th

The class gives you everything you need to produce great sounding audio commercials, podcast intros and outros, radio imaging and more. You will learn creative production, using digital workstations, recording, mixing, mastering, sound design and other topics used every day in audio production.

### Want to Get Your Music on FM Radio?

Get your music played on DOM Radio 92.9FM and 89.3HD3!!! We are seeking music in a variety of genres. So if you have new music, we want to hear it!

Contact the Radio Operations Director at [calvin@open.media](mailto:calvin@open.media) for more information.

### DOM Radio is Looking for Interns!

This position is for someone with an interest in learning the inner workings of a FM radio station, including learning how to program on a broadcast server, and schedule radio content for DOM 92.9 FM / 89.3 HD3. Radio interns will work with the Station Director to provide member services including converting audio files for radio, scheduling content for air, supporting members, making sure content is FCC compliant, and going through DOM archives to identify and convert appropriate content for radio.

We are looking for passionate interns for Denver Open Media Radio.
