2024 Colorado Channel Interns

Congratulations to our 2024 Colorado Channel interns for their exceptional work in successfully executing the live production of the state's legislative session. Their contributions are invaluable to keeping the public informed and engaged.

Mikey Sena

I have been with the Colorado Channel for two years now (since I was 19), and I actually never knew I would have a passion for politics or live production. I dig the elements of working at a high pace and editing/producing on the fly, not unlike playing drums and DJ'ing (check me out!!!). I am going to school for media production in the fall, and my ultimate goal is to work in live sports and/or in a major newsroom. Wu Tang!!!

Jacqueline Snyder

Growing up in Atlanta, it was inevitable that I would end up having a career in broadcasting. My first "gig" was in 5th grade, working the school's news program and eventually started at a broadcasting house at age 15! Working for the Colorado Channel has reignited by passion and helped integrate me into Denver's Broadcasting community. My goal in life is to make a difference. I want to positively impact the world, spread joy to everyone and to own as many cats as possible!

Tyler Eaton

I am a filmmaker and freelance videographer. I have several years of video production and editing experience and have a passion for all things cinema. I eventually plan to move to Atlanta, GA to pursue a career in the film industry.
