GOVERNMENT

Gov.Open.Media: A New Generation of Government Transparency

OPEN MEDIA GOVERNMENT

Making public meetings easier to access, search, and share is at the heart of what we do. With the recent launch of an upgraded Gov.Open.Media (OMPNetwork), we're taking another important step toward making local government more accessible to everyone. Our newly modernized platform delivers significant improvements in performance, accessibility, and reliability while maintaining the familiar experience our users already know.

One of the most noticeable improvements is a faster, more powerful search experience. New filtering options allow residents to quickly locate specific meetings, topics, and agenda items without spending time searching through lengthy recordings. Accessibility has also been a major focus of this upgrade. With WCAG 2.1 standards incorporated into the platform, Gov.Open.Media makes it easier for people of all abilities to stay informed and engaged in the decisions affecting their communities. Behind the scenes, a completely updated technology infrastructure provides faster performance, greater stability, and a strong foundation for introducing even more advanced features in the future.

For communities that have yet to discover Gov.Open.Media, there's never been a better opportunity to explore how technology can strengthen transparency and public participation. Whether you're looking to improve access to public meetings or make government information easier to find, we're here to help. Contact our team at support@open.media to learn more.

WEB SERVICES

Did you know that in addition to building professional and engaging Wordpress sites, Open Media can help you maintain and improve your WP site? We can perform accessibility and security audits to make sure your site is meeting your users' needs!

Open Media provides monthly maintenance services, training, and support for content management.

1. WP Site Audit
a. Accessibility
b. Security

2. Website Maintenance
a. Plugin and core updates
b. Troubleshooting and support

3. WP Training & Content Updates

EVENTS

Colorado Gives Day Coming Soon

Colorado Gives Day is coming up on Tuesday, December 8, and you don't have to wait to take part. Early giving opens November 1. Colorado Gives Day is the largest 24-hour giving event in Colorado and one of the most successful giving days in the country. Colorado Gives Foundation and presenting sponsor PNC started it in 2010 to grow charitable giving to Colorado nonprofits, and it has raised more than half a billion dollars since then. In 2025 alone, Coloradans gave more than $56.6 million to the nonprofits that serve their communities.

This year, please consider including Open Media Foundation in your giving. Your gift helps us serve other nonprofits and helps keep local government open, accessible and easy for everyone to follow. Schedule your donation any time after November 1, or give on December 8, and help make this year's Colorado Gives Day the biggest one yet.

Give Today

Mile High Drone Shows Nov 20 - Dec 31

For 41 magical nights, 600 drones will soar into the sky, creating breathtaking holiday-themed animations. See these dazzling displays from across the city every night at 7 p.m. for free. From Santa and his reindeer to iconic Denver landmarks like the Mile High Tree and Denver Union Station, each night will bring a new visual experience to life.
